*****Springfield Public Schools

measures we must take to continue
to best ensure everyone's health and
safety.

*All students and staff SPS schools
will be required to wear masks while
inside during the instructional day.
*Students and staff may take masks
off while outside and while eating.
*Students will be socially distanced
three feet apart in all learning areas.
*Handwashing and use of hand
sanitizer will continue to be a
priority, as well as disinfection of
surfaces after student or staff use.
*Our school had a lot of success
with these mitigating factors this
past year, and we are confident that
will be again this year.
