KINDERGARTEN STUDENT TRANSPORTATION REGISTRATION

In an effort to provide the safest possible transportation for our kindergarten students, Springfield School District requires an adult to meet all kindergarten students at their after school bus stop. Springfield School District requires all parents/guardians to complete this registration form and return the signed copy to their school secretary. ***Kindergarten students will not be allowed to ride the bus until the Transportation Department has received the completed form from your school secretary and the department has contacted you with an acknowledgement phone call and a route information letter.***

In accordance with District **Administrative Regulation EEAC-AR**, Kindergarten students will only be allowed to leave the bus at their regular bus stop and only when an authorized adult is present to meet the student. Kindergarten students will however, be allowed to leave the bus at their regular bus stop with an older sibling (3rd grade or older) who attends the same school if authorized by the parent.

Please list **ALL** adults and siblings authorized to meet / pick up your child at the bus stop. If your child cannot be met at the bus stop, please contact the school to make arrangements to pick up your student at school. ***It is important to note that school bus stops are designed around student locations and the Transportation Department will not create a specific stop at your address.*** If your child is designated to go to a daycare, please advise the daycare provider that the bus will not stop at the daycare location and they must meet the student at their designated stop.
