

# COVID-19 Daily Home Screening

Please consider the following questions daily prior to sending your student to school:

- ❑ Does your student have a fever (100.4 or greater) or chills?
- ❑ Does your student have a new or worsening cough?
- ❑ Is your student experiencing shortness of breath or difficulty breathing?
- ❑ Does your student or anyone in their home have current symptoms of COVID-19?
- ❑ Has your student or anyone in their home been diagnosed with COVID-19 and not yet been cleared to end isolation/quarantine?
- ❑ Has your student been a close contact (within 6 feet for 15 minutes or longer) to anyone diagnosed with COVID-19 and not yet cleared to end isolation/quarantine?

**If the answer is YES to any of the above--STAY HOME**

The following symptoms are also associated with COVID-19 or other illnesses. Please stay home and contact your medical provider or school nurse for clearance to come back to school.

- Nausea or vomiting (may not attend until 48 hours after vomiting)
- Diarrhea (may not attend until 48 hours after diarrhea)
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Fatigue
- Congestion or runny nose

Additionally, students should stay home if they have the following:

- Undiagnosed skin rash, lesions, sores
- Stiff neck or headache with fever
- Jaundice (yellow color of skin or eyes)
- Colored drainage from eyes
- Recent surgery or hospitalization (until written instructions from doctor are provided to school)
